

## Musical Instrument Lease Agreement

For musical instruments costing more than \$250, a family may wish to participate in our music instrument lease program. Under this program, rather than a one-time reimbursement of \$250, we "lease" the instrument from the family for \$38 per month for up to 36 months or until the purchase price of the instrument is reached. Lease payments will come from the designated student(s) fund account. **Please see the CyberLynx Program Handbook for detailed information about the Musical Instrument Lease Program.**
