Nenana, AK 99760

April 1, 2024

Dear Parent/Guardians:

The Alaska Department of Education & Early Development (DEED) released the 2022-2023 Report Cards to the Public for each school district and school in Alaska. These report cards present information about performance for the 2022-2023 school year. During this first administration of the Alaska System of Academic Readiness (AK Star) assessment, students in grades 3-9 were assessed in English Language Arts and Mathematics. Students in grades 5, 8, and 10 took the Alaska Science assessment.

To view the Report Cards to the Public, please go to:

<https://education.alaska.gov/compass/report-card>

Once there you will be able to select which School or District Report Card to the Public you wish to view. You may also select a different school year to review data. This user friendly website aims to provide families with clear, common information about all public schools and districts in our State. These Report Cards to the Public contain data and information about academics, school environment, teacher quality and more. If you are unable to access the Report Card to the Public online, please contact your student's school.

The links are also available and updated every year around this time on the Nenana City School District website. Go to the Home tab and then click on Federal Programs, then look for Report Cards to the Public.

Sincerely,

Patrick Manning
Superintendent

Mission Statement

The Nenana City School District will provide an innovative education using trauma-engaged techniques and relevant activities promoting problem-solving and citizenship, that empowers each student to achieve their highest potential.
